

Vote favorable on football - 634 to 90

By JOHN HALPIN

Last Thursday, at a special convocation called by the Student Council, President Chuck Ryan called for a secret ballot of the student body as to the importance of football on the Saint Joe campus. Ryan told the 800 students assembled in Alumni Fieldhouse of the gravity of the situation. Ryan said that the ballot was suggested by the faculty Athletic Committee to help them and the Student Council investigate the situation.

Ryan tried to impress the assemblage with the importance of their vote. "Your vote tonight is tremendously important." "The faculty Athletic Committee is in the process of reviewing the entire athletic picture on this campus." "If your vote tonight says that you feel that football is an important part of campus life, then I'm sure the committee will look favorably on the situation." "However, if your vote says that football is not important to your college lives, they will not look with very much favor upon the continuation." "Gentlemen, I urge you to vote according to what you feel is best for Saint Joe's."

Then the ballots were passed out with two questions on them. The first question was whether or not the student felt that intercollegiate football was an important part of his life at Saint Joe's. The last question was whether or not intercollegiate football should be continued on campus.

After the convocation, this reporter talked with Mr. Michael Davis, Professor of Geology and head of the faculty Athletic Committee. Mr. Davis pointed out that his vote was "nothing for the student body to become alarmed about." "This vote was merely suggested as a part of the Athletic Committee's continual investigation into athletics on this campus." "We are trying to find out what the student feeling towards football is." "Do the students want

football on this campus, if not there can be little justification in keeping the program." Mr. Davis ended the interview by commenting that he was relatively sure that the student vote would indicate that football will be back at Saint Joe's in 1965.

The results of last Thursday's student convocation regarding the football team were made public at the Student Council meeting Tuesday. The results were overwhelmingly in favor of the football team, and show that opinion, by and large, on the campus is in favor of keeping the team active.

Council prexy, Chuck Ryan, made the figures of the poll known. Regarding the first question, "Do you believe the intercollegiate football program makes a significant contribution to student life on this campus?", the overall response was: Yes, 579; No, 156. The response to the second question, "Are you in favor of continuing intercollegiate football at Saint Joseph's College?", was an even more favorable: Yes, 634; No, 90. This, of course, places a great majority of the student body behind the team.

Ryan singled out for special commendation the freshman class, who voted most strongly for the team, with a vote of Yes, 43; No, 8. It was stressed that this class has only been here for one season, and that one possibly the worst in the history of the school, yet 81.9 per cent of the class supported the team by their votes.

In explaining why the convocation was held such a secret until just before it was announced, Ryan said that it was the opinion of the poll-takers that a more honest and spontaneous answer would be possible if the questions were asked point-blank, with no time to weigh pros and cons.

Finally, Ryan thanked Fr. Gross, C.P.P.S., President of the College, who was responsible for allowing the convocation to be held.

New sign-out system adds new responsibility

By RICHARD VONESH

On Thursday, October 22, the Office of the Dean of Students announced a change in the sign-out system. Under the new rules, students are no longer required to sign both out and in at the Dean's Office. Upperclassmen are now required to sign out and in at their residence halls. Underclassmen now sign out at Father Shields' office and sign back in at their halls.

According to Father Shields, the new system was necessitated by the inefficiency of the old method. The new system will be much more convenient for both the Dean's Office and the student body. The Dean's Office will no longer have to stay open for those arriving late Sunday night and before three a.m. Monday morning. Any student will now be able to sign in as soon as he arrives on campus. Gone are the days when students would trudge over to Halleck Center to sign in only to find the office closed. A forgetful student will no longer find that he is being summoned by Father Shields because he didn't sign in.

Before making the change, Father Shields sought the opinion of the prefects, the Student Council, and the Disciplinary Committee. All but a few of those consulted were enthusiastic about the proposed change. Most prefects despite the fact that it meant addi-

tional work and responsibility for them. The change made is primarily one of instrumentation. The rules in the handbook are unaltered and in full effect. The most significant aspect of the new rule is the transfer of responsibility to the students. Although the step is not of great magnitude, it is indicative of a growing trust in the student body on the part of the Office of the Dean of Students. One of the greatest complaints of students is that they are being treated like "babies" by the administration. The men of Saint Joseph's are finally getting a measure of the responsibility for which they have clamored so long.

Rec Hall painted receives new look

Possibly everyone, by now, has noticed the results of the painting crew that descended upon the Halleck Center Rec Hall last weekend. All of the walls have been painted a soft tan color—a welcome relief from the rather bright yellow and green that they were originally. S.C. Vice President, Jim Hattemer, said that this coat is only a primer coat, and eventually the walls will receive another coat of paint, which will be a darker tan. The date of this second painting will be announced later.

Hattemer also announced that eventually the floor of the Rec Hall will be covered with a flat, black vinyl tile, and this will take away from the barren, bleak effect of the stone walls. As for the ceiling, acoustical tile will be placed there sometime in the indefinite future.

Frosh's elections to be held in Nov.

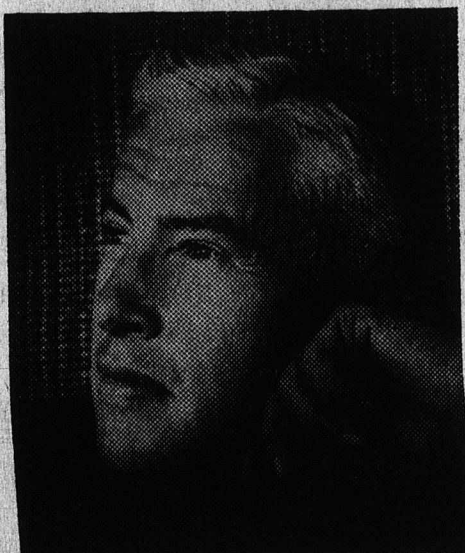

A call has been sounded for candidates for Freshman class officers. Petitions for candidacy will be available in the Student Council office on and after November 9. Applicants must have the signatures of twenty-five of his freshman classmates on his petition, plus the signatures of his faculty advisor and Fr. Robbins.

It is recommended that any freshman interested in running get his petition as soon as they are available, as elections will be held on November 17 and 18.

Dr. Henry Bugbee to lecture here Nov. 2 and 3

On Monday and Tuesday, Nov. 2 and 3, Doctor Henry Bugbee, Jr., will be on campus to lecture to faculty and student body. Dr. Bugbee is sponsored by the Danforth Foundation and the Association of American Colleges.

Dr. Bugbee will speak at an open convocation on Tuesday after-

Dr. Henry Bugbee, who will speak on Monday and Tuesday.

noon at 4:00 p.m. in the Halleck Center Conference Room. The topic of his talk will be *The Revolution in Western Thought: Another Step*.

A philosopher in the continental tradition, Dr. Bugbee has recognizable affinities with Gabriel Marcel and Martin Buber. His interest in Oriental thought allies him in some respects with MIT philosopher, Huston Smith. Dr. Bugbee was born in New York City, the son of a urologist. He attended Princeton University and was graduated with a major in philosophy in 1936. He did graduate study in philosophy at the University of California in Berkeley where he was a teaching fellow for three years and a James Sutton Fellow for one year; he received his M.A. degree in 1940 and his Ph.D. in 1947.

Following military service as a naval officer on the minesweeper patrol and escort duty with the Pacific Fleet, Dr. Bugbee taught successively at the University of Nevada, Stanford University, and Harvard. From 1953-54 he was a George Santayana Fellow in philosophy at Harvard, followed by three years as associate professor and chairman of the department at Chatham College.

During 1957-58 Dr. Bugbee spent the time in philosophical study and discussion in Paris, chiefly with Gabriel Marcel. In the summer of 1958 he was a participant in the Colloque Orient-Occident in Brussels, which was sponsored by UNESCO. From 1957-61 he was professor of philosophy at Montana State University, and chairman of the department from 1959-

"Vend" editor new trustee

The Very Rev. Raphael Gross, C.P.P.S., president of Saint Joseph's College, has announced the election of G. R. Schreiber as a member of the Board of Lay Trustees of the College.

Mr. Schreiber, a Saint Joe grad of '43, received last year's Alumni Merit Award. He is editor and publisher of Vend Magazine, the trade organ of the automatic vending machine industry, and he is also the author of several books, including "The Bobby Baker Affair," a current best-seller.

Earlier this year Schreiber was awarded the Jessie H. Neal Award for Outstanding Journalism as a result of an article he wrote which first brought to light the outside business activities of Bobby Baker, then secretary of the U.S. Senate majority.

Schreiber, his wife and three children, reside in Glenview, Ill.

The Serendipity Singers, who will appear Sunday afternoon as part of the Ford CARavan of Music, sponsored by the Saint Joseph's College Student Council.

Football loss - step backward; more competitive level needed

Last week, at a student convocation called by the Student Council, an opinion poll was taken regarding the continuation of football as a varsity sport at Saint Joe's. The results of the poll were overwhelmingly in favor of keeping football, as well they might have been expected to be. It would be a serious mistake, in the opinion of this paper, to discontinue this sport. The effect of such a discontinuation, in the long run, would be a serious detriment to the progress that Saint Joe is making, both as a self-contained community of men living and working together, and as an institution that is able to stand among others like itself.

The void that the dropping of football would leave would be nearly impossible to fill. As it is, we are just beginning to have sufficient activity on campus over weekends to keep students here. The Student Council has worked hard to promote such things as Homecoming, mixers, Dads' Day, and the upcoming concert. All but the last of these mentioned activities are centered around a football game. To drop football would be to drop several important related events of the first semester.

And what about the tradition that everyone says must be built up? It would seem that no better starting place could be found for the initiation of tradition than the varsity sports, and in the first semester, that sport is football.

Of course, no one can deny that a

tradition of losing is not the best tradition to build upon. But that does not have to be the case. Other teams have had losing seasons—strings of them. It is not impossible to bounce back, with a certain amount of rebuilding, to become a power once again. Look at the example of our neighbors to the northeast. Why give up without trying? The Puma teams have not had so many losing seasons as to make recovery impossible. And can it be said that every remedy has been tried?

One thing to think about, and it is being thought about in the circles where it counts, is the value of membership in a new league. As it is, there are too many teams that are built upon a larger budget, a bigger name, a far superior scholarship program, and a much larger enrollment. There is really no chance to compete with schools as this. Why not play teams that are in a class with us? It is always better to see your team win, and the odds of winning are somewhat better when you play teams of the same caliber.

The year has started out well at Saint Joe; it is perhaps the best in recent years as far as attitude and cooperation are concerned. People are working to go forward in all things at Saint Joe. Much effort is being spent to insure that the future of this school will be a bright one. A negative step at this point, such as the dropping of football, would be a great hindrance to the continuation of the work that is being done.

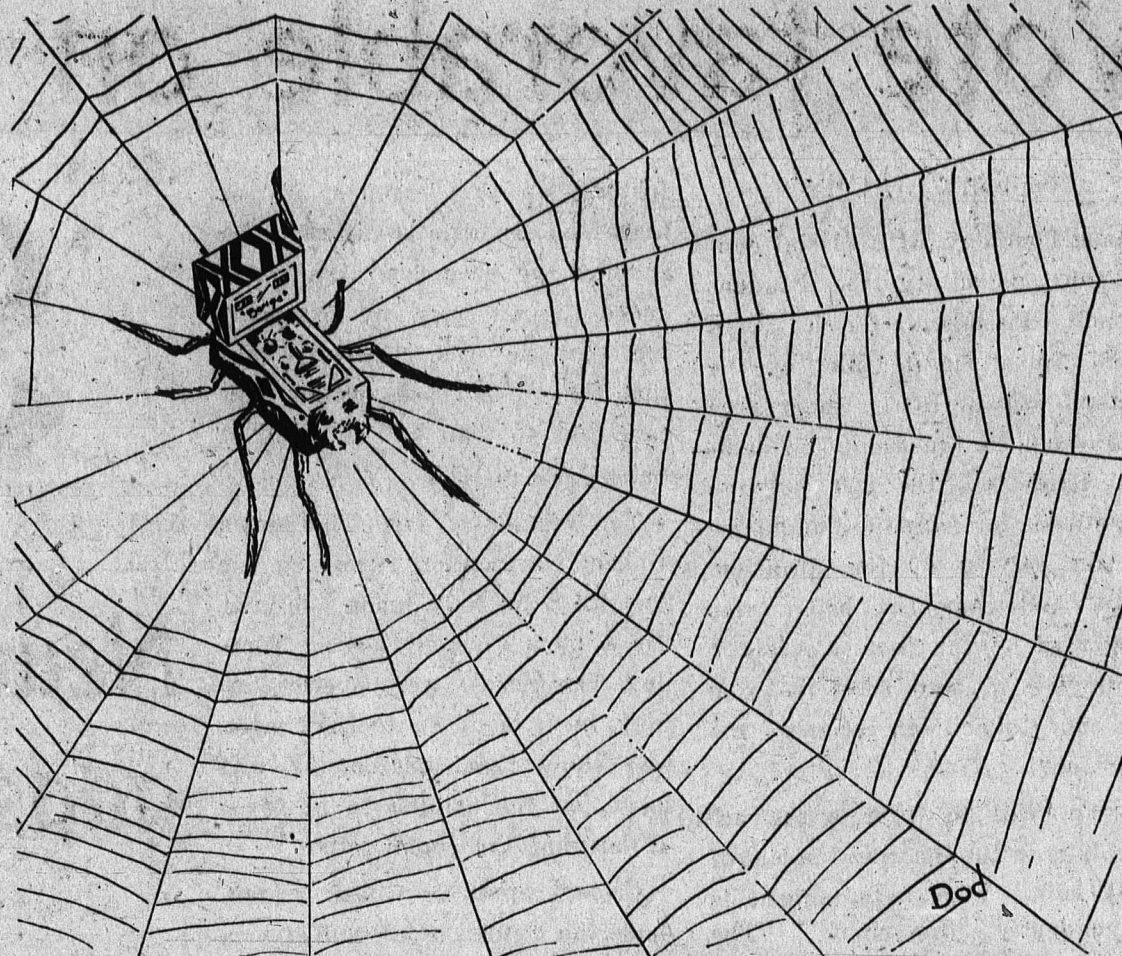

In the few games remaining, support your team; let them know that you are behind them, and let those who are behind the team know that the entire school is behind them, too.

so many of the students have so little interest in Student Council workings. Everyone is ready enough to reap the benefits of the work that is done. Just a glance at the front page of this paper will show some of the things that the Council has done that will benefit the entire school. The change in the sign-out system, the convocation, the painting of the Rec Hall, the Ford CARavan, are all but a few of the things that Joe Puma wants and gets through his Student Council. Then why can't Joe Puma, just one night a week, give up a little time (at the very most an hour) to attend the meeting of the Council and show by his attendance that he is interested and grateful?

Drexel long "horn", Oedipus frosh Gallagher nose need "Cynthia" help

Editors note—After a year of retirement, Stuff once again introduces lovable, understanding, cool, wonderful CYNTHIA. If you have a problem, if you are lonely, or if you just don't have anything else to do, why not drop a line to CYNTHIA, care of Stuff, Box 772, campus? You may get in the paper, and besides, CYNTHIA is lonely too.

Dear Cynthia:

I am a freshman from that outpost in the wilderness called Drexel Hall. My problem is very important to me and I hope that you can help me. It seems that my girlfriend from Chicago dropped me for a Notre Dame guy. I am now in dire need of a girlfriend. I have been considering the possibility of a "Towny." Could you give me some advice.

Freshman with a Problem

Dear F W A P:

It seems that you have a very delicate problem. I would be interested in discussing your problem with you. I'll meet you at Harv's Friday at 7:00.

Love, Cynthia

Dear Cynthia:

My problem is one of loneliness. I know that you receive many letters such as this,

The Forum

Dear Father Gross,

The decision to allow the student body to voice their opinion, on certainly a most important issue, has resulted in a vote of confidence for the intercollegiate football program.

I realize that this does not bind the Administration in any decision they may reach. But it has a beneficial effect on the student body. The students now feel that a sound relationship has been established between the Administration and their representative, the Student Council. I feel that this type of co-operation and communication can go a long way in providing both the Administration, and the students with an accurate picture of the problems at Saint Joe's.

This was indeed a novel step and as the Student's Representative I congratulate and thank you for allowing us, the student body, to voice our opinion.

I remain,

Sincerely yours,
Chuck Ryan
Student Council President

but please don't disregard mine, for it is different. I have been here for more than a month and I miss my mother. I call her once a day to tell her I'm okay and go home every weekend to see her, but at night time I miss her acutely. Why is it that these prefects in Merline, who are supposed to help us, refuse to tuck me in bed? Is that asking too much?

Love, Rodney

P.S.—And why does that Brother Larry and his horse make me turn off my night light?

Dear Froshie:

Try this: go to the book store, I'm sure you can get a real steal on an electric blanket and a Larry-proof nite light. Go back to the room and put on the light, turn the electric blanket up to nine, assume the pre-natal position and I'm sure this will prove the answer to your problem.

Love, Cynthia

Dear Cynthia:

My problem is my roommate. It seems that no one has told him that Fr. Wellman has turned the water back on. To the best of the knowledge of the men of Gallagher, this character hasn't taken a shower since our arrival in September. We have tried every possible hint, from BAN to Right Guard. What can we do? Help!

The Nose Knows

Dear Nose:

I suggest that the men of Gallagher throw a Halloween party and dunk him for apples!

Love, Cynthia

One bad season not enough to warrant dropping of team

by John Halpin

Last Thursday, October 22, will long be remembered by the majority of this present student body as a day that provided us with a great shock. Student Council President Chuck Ryan's little convocation proved to be much more than most of us had expected. The stark realization that football may be dropped, as an intercollegiate sport, hit this student body very hard.

True, Thursday's happenings meant nothing as far as a final decision is concerned. This decision rests entirely in the hands of the college's Board of Control. However, it does show us that people in high places are considering the move, and considering it very seriously.

The year of 1964 has been a poor one for football on this campus. The team has been on the short end of six decisions. With two of our toughest opponents coming up, things are looking more and more like a winless season. However, the decision to drop or keep football should not be made in the light of one bad season, or even four losing seasons. The decision should, and this writer hopes, will be made as to the total picture of Saint Joe's. Does football add something to Saint Joe's, other than on a purely physical level?

The answer to the above mentioned question is a very firm yes. Football contributes immeasurably to the social well being of this campus. Not only is football a means of attracting young females to this campus, but it provides a healthful outlet for the pent up emotions of several hundred boarders on a Saturday afternoon. This adds to the making of a complete and better rounded student.

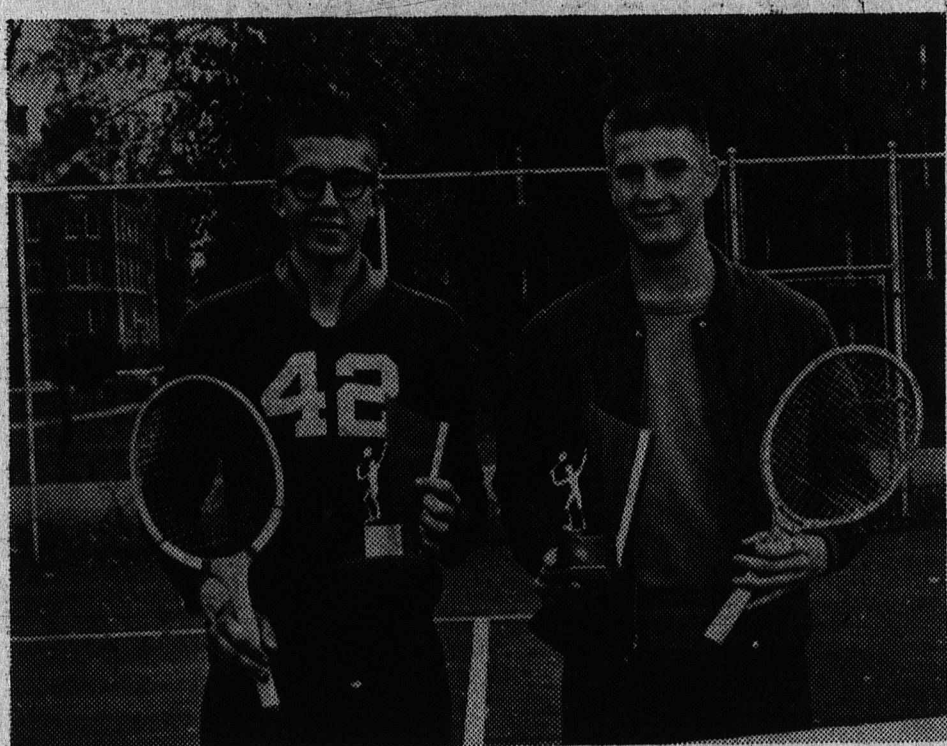

Also add to the students' well being, the well being of the Saint Joe alumni that is furthered by football. Alumni Director Jerry Gladu will tell you of the importance of football to the alumni. Football is probably the only real contact that the alumnus feels with his school. Could you imagine an alumnus coming back to a Homecoming that didn't have a football game? Of course you can't. Football is an intricate part of the alumni's lives as it is of the students' lives of Saint Joe's. The conclusion is obvious, football is an intricate part of the Saint Joe life, too intricate a part to be pushed aside by a mere consideration of dollars and cents!

PUMA SHORTS

This week's opponent is the "Oilers" from Findlay. Findlay sports a 6 and 1 record. They lost to Eastern Kentucky by three points, 17 to 14. Eastern Kentucky had not won a game in five starts and was down 14 to 0 after three quarters. Findlay proved to be a little over confident and had seventeen points scored against them. This should be our strong point, if there is one thing that we inspire that is over confidence.

Findlay sports one of the finest runners in the nation in young Allan Smith. Smith leads the nation in scoring with 90 points in seven games and has an average of nine yards a carry, truly a fine football player.

At the DePauw game there were two standouts that haven't been getting too much publicity. It's too bad because two finer people you could not find. I'm talking about senior halfback Tom Conrad and junior end Denny Berner. Conrad was the leading rusher with 43 yards in seven carries for a six yard average. Denny caught six passes for 53 yards. Both were high for individual performances by Saint Joe players. It's good to see it happen to those two. It's nice when the good guys win for a change.

The Mongies from Xavier Hall scored in I.M. tennis. Winners John Shrode and Dennis Potts grin over their trophies after the championships. (Photo by Ron Szwiec.)

Fumbles, errors leave Pumas with sixth season loss

Five fumbles, three pass interceptions and numerous other bad breaks added up into Saint Joe's sixth straight loss last Saturday at DePauw. The Pumas committed frequent errors in the 27 to 7 loss.

Saint Joe's drew first blood after DePauw committed their only lapse of the game. DePauw, forced to punt, lost the ball on their own seven yard line as a pass from center went over quarterback Bruce Mackey's head. Mackey tried a runback but was brought down by Bob Touhy. Three plays later, Saint Joe halfback Ron Dostal took the ball over from the two yard line. Jim Kelly converted to make the score, Saint Joe 7 and DePauw 0.

DePauw took the Saint Joe kickoff and marched into Puma territory. The drive was halted at the Saint Joe 34 and Bill Schultz tried for a field goal. The kick fell inches short and Saint Joe took over on the 20 yard line. Quarterback John Zolecki completed two passes to junior end Dennis Berner, good for a first down. Then Zolecki went to the air again, this time the pass was intercepted by Dave Spidel and returned 24 yards to the Saint Joe eight. Mackey carried it over after two attempts got the ball down to the one. The point after failed and Saint Joe's still led 7 to 6.

The second quarter started off on a sour note for Saint Joe. On the third play from scrimmage Mackey went around right end and into the end zone for a 24 yard scoring run. The point after was good with DePauw faking a kick and Mackey passing to Todd Eberle for two points. This made the score DePauw 14 and Saint Joe 7. Saint Joe took the kickoff and was forced to punt after three plays. With DePauw owning the football, Mackey caught the Saint Joe secondary sleeping and completed a 36 yard touchdown pass to Earl Liebich. The kick by Schultz was good and the half ended with DePauw on top 21 to 7.

The third and the fourth quarters were repeats of the first half. DePauw controlled the football and drove deep into Saint Joe territory but failed to capitalize on all but one of their opportunities. This came when second string quarterback Bob Gardner tossed

"Cinderella" men come on big upset tough Washburn squad

By JOHN O'REILLY

A "Cinderella" team appears to be coming on strong in the IM pigskin race. The Bennett Bo-Hawks, who suffered a humiliating defeat to the hands of the Noll Dean's Men in their first game of the season have won five straight games to earn for themselves a tie in the "B" division. The Bo-Hawks achieved this by upsetting the highly rated Washburn Gang Monday 14-8. This is the biggest upset in IM play thus far and don't be surprised if the Bennett "B" team repeats this feat before the final dust settles.

The Bennett Megatons placed their unblemished record on the line Monday and for four quarters it appeared that their winning streak may come to an end. A highly-spirited Gallagher Grub team forced the powerhouse team from Bennett into a sudden death playoff. Gallagher had the ball for the first series of downs and managed to gain eight yards in their four attempts. Bennett then took over and quickly gained five yards on the first play on a pass from Rog Bohnen to Joe Katalak. The Gallagher defense then managed to break up the next two Bohnen aerials leaving the Megatons with four yards separating them from winning to losing. However, on the final down, quarterback Bohnen again connected with Katalak, this time on a ten yarder securing the victory for the only undefeated team in IM ball. The Megatons did suffer a great loss when it was confirmed that linebacker Ed Zawila would be lost for an indefinite period because of a torn cartilage suffered in a game against Halas last week. The IM department would like to take their hats off to the "Memphis Kid" for the standout performance he has turned in the last four seasons.

The "C" and "D" divisions are still up for grabs at the time of this printing as four teams have a chance to win in either league. The tennis doubles tournament was won by John Shrode and Nick Potts of Xavier Hall which is dominating the school at this time in the race for the All Sports Trophy. The final deadline for entries in chess, pinocle, table tennis, and bowling is October 30. This year all of these contests will be played on a Round Robin basis which will allow the participants to compete throughout the winter months.

Remember this is tournament time in IM football and any team with less than two forfeits is eligible to win.

Good luck to your team!!

DePauw game

(Continued from Page Three)

an 18 yard scoring pass to sophomore end Tom Cooper. The point after failed and DePauw led 27 to 7.

The final quarter was played almost entirely in Saint Joe territory. Puma punter Paul Zosel pulled his team out of the hole twice with punts of 48 and 41 yards. The game ended with DePauw on the Saint Joe 10 yard line, still unable to push it over. The final score was DePauw 27 and Saint Joe 7.

On the plus side for Saint Joe's there again was Terry Davisson. Terry, a 1961 graduate of RCHS, had 40 tackles, an unheard of number in college football. Davisson seems a cinch for Most Valuable Player and first string all ICC. Davisson teamed with Dennis Berner to give Saint Joe's a potent passing offense that accounted for 109 yards through 12 pass completions.

Dr. Bugbee

(Continued from Page 1)

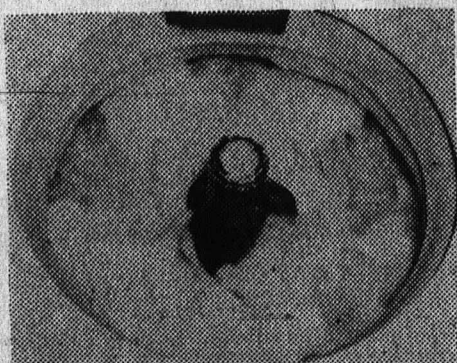

61. In 1961 he became professor of philosophy at Pennsylvania State University (on leave 1962-64), and from July through December, 1962, was research fellow at Harvard. His chief publications are *The Inward Morning* and *Thoughts on Creation*.

Campus visits by Doctor Bugbee are made possible by a project which is now in its 8th year, and sponsored by the Danforth Foundation and the Association of American Colleges. The purpose of the program is "to strengthen the intellectual, the religious, and the cultural aspects of liberal education in the United States." Dr. Bugbee is one of nineteen scholars or specialists from this country and abroad who have been chosen by the Foundation and the Association's Arts Program for campus visits during the 1964-65 academic year. Tours planned for him will take him to fifteen or more colleges and universities in several sections of the country.

During his visit to Saint Joseph's campus, Dr. Bugbee will meet with faculty members and students interested in the humanities to discuss the topic. "In What Sense May Nature and a True Artist Agree?" This meeting will take place at 4:00 p.m., Monday, November 2, 1964, in the Halleck Center Conference Room. On Tuesday morning, November 3, from 11:00 to 12:15, in classroom 205, Dr. Bugbee will speak on "The Thought of Gabriel Marcel."

The general public is invited to the public convocation Tuesday. Admission is free. The time originally scheduled early in the year has been changed because of elections. Students and faculty members are welcome to attend any and all of the lectures.

Cross-Country braces for ICC and Little State

The winless Saint Joe cross country team is preparing for the two big meets of the year—Little State in Indianapolis, on October 31, and the ICC meet in Terre Haute on November 7.

The team met their latest defeat at the Wheaton Invitational where they were beaten by DePauw, Wheaton, Wabash, and the over-all winner of the meet, Valparaiso. Earlier in the season they lost meets to Valpo, DePauw, Aquinas, and Rose Poly.

Coach Dick Kemper's best runner so far has been sophomore Bob Cwiertniak with a time of 23:51 for the four mile run. Chuck Jordan has the next best time at 24:07.

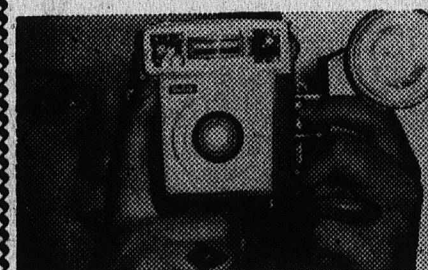

SAM Donations

The Society for the Advancement of Management has announced the receipt of a \$100 donation to the Club by the firm of Ernst and Ernst, Chicago accountants. The donation was presented to Robert Devine, Treasurer of S.A.M., by Fr. William Eilerman, who represented Mr. Horace B. Barden of Ernst and Ernst.

Krapf, Brodrick to be awarded \$500 stipends

The Office of the Registrar has announced the award of Scholarships of \$500 each to two Saint Joe students. The recipients are senior Norbert Krapf, of Jasper, Ind., who is majoring in English, and minoring in Latin, and Daniel Brodrick, a junior Philosophy major, from Fort Wayne, Ind.

The Scholarships are awarded by the Central Newspapers Foundation and distributed through the college. Selection of winners is made by the Scholarship Committee of the College.

The Foundation was set up by Mr. Eugene Pullian, publisher of the Indianapolis News and Star.

Valpo Refund

It was announced at the Student Council meeting Tuesday night that the money for tickets purchased for the Saint Joe-Valpo game, which was rained out, would be returned to ticket bearers. The action was made possible by a decision on the part of the administration to aid the Student Council in returning the money.

S.C. President, Chuck Ryan announced that the Council was in receipt of a check for \$1,207 from the Business Office to cover the loss taken that weekend.

Ryan expressed gratitude for the action of the administration and stressed that it was understood that this is not taken as usual procedure, but as the result of unique circumstances.
